PROJECTS

Ecommerce Website Link	2025
---	------

- Developed a multi-page e-commerce app using React with product browsing, shopping cart management, and seamless navigation. Implemented routing, state management, and API integration. Features include dynamic cart updates, responsive design, and testing with React Testing Library.
- **Technologies Used :** React, JavaScript, HTML, CSS, Git & GitHub.

AI Chatbot Link	2024
--	------

- Developed an interactive AI chatbot with integration of the Gemini API for instant Q&A capabilities. Implemented features like image upload, and responsive design for seamless mobile and desktop experience.
- **Technologies Used :** HTML, CSS, JavaScript, Gemini API, Git & GitHub.

Responsive Multipage Education Website Link	2024
--	------

- Designed and developed a responsive, multi-page educational website. Included sections for courses, about, contact, and testimonials with smooth navigation and interactive UI elements. Focused on clean layout, modern design principles, and cross-device compatibility.
- **Technologies Used :** HTML, CSS, JavaScript, Git & GitHub.

CERTIFICATIONS

- **[Introduction to HTML, CSS, & JavaScript](#)** - course by IBM on Coursera, enhancing front-end development skills.
- **[Developing Front-End Apps with React](#)** - course by IBM on Coursera, enhancing front-end framework skill.
