SUMMARY

Enthusiastic Computer Science student with hands-on experience in building responsive React web apps, solving DSA problems. Passionate about clean code, performance optimization, and continuous learning.

EDUCATION

Bachelor of Technology in Computer Science and Engineering — 2022 - 2026
University of Engineering and Management, Kolkata — 7.51 CGPA

Higher Secondary, WBCHSE — passed 2022
Gopalnagar B.L. Vidyapith, East Medinipur — 87%

Secondary, WBBSE — passed 2020
Gopalnagar B.L. Vidyapith, East Medinipur — 79.86%

SKILLS

Language :	C, C++, JavaScript, SQL
Front-End :	HTML, CSS, Tailwind, React
Tools and Platforms :	Git, GitHub, Visual Studio Code, Vite

PROJECTS

Shopping Cart Web Application | [Link] — 2025

- Developed a multi-page e-commerce app using React with product browsing, shopping cart management, and seamless navigation. Implemented routing, state management, and API integration. Features include dynamic cart updates, responsive design, and testing with React Testing Library.
- **Technologies Used** : React, React Router, JavaScript (ES6+), HTML, CSS, FakeStore API, React Testing Library, Git & GitHub.

AI Chatbot | [Link] — 2025

- Developed an interactive AI chatbot with integration of the Gemini API for instant Q&A capabilities. Implemented features like image upload, emoji picker, and responsive design for seamless mobile and desktop experience.
- **Technologies Used** : HTML, CSS, JavaScript, Gemini API, Git & GitHub.

Responsive Multipage Education Website | [Link] — 2024

- Designed and developed a responsive, multi-page educational website. Included sections for courses, about, contact, and testimonials with smooth navigation and interactive UI elements. Focused on clean layout, modern design principles, and cross-device compatibility.
- **Technologies Used** : HTML, CSS, JavaScript, Git & GitHub.
